

Puppy Health & Sales Agreement

Serenity Anderson, N9887 Caldron Falls Road, Crivitz, Wisconsin 54114

920-634-8998

serenitylist@yahoo.com

This agreement is between Serenity Anderson, "Breeder" and "Buyer" (listed below) for the purchase of one purebred boxer puppy. No other agreement will be entered into.

Buyer Name(s): _____

Phone(s): _____ Email: _____

Address: _____

Puppy Name: _____ Color: _____ Sex: _____ Whelped on: _____

Purchase price: Purchase price of \$_____ paid by the Buyer to the Breeder. A non-refundable deposit of \$_____ has been made on _____. A non-refundable payment of \$_____ has been made on _____. The balance of \$_____ must be paid in full and this contract completed and signed by 8 weeks of age or pick up of puppy, whichever is sooner. If the balance cannot be paid by 8 weeks, the deposit and any payments are forfeited. In the event of a forfeiture, Breeder will maintain ownership of the puppy and have the right to re-sell or make alternate arrangements for the placement of the puppy. Final payment must be made in cash or money order. A personal check can only be used for final payment if the Breeder receives the check by 6 weeks of age.

Health and health guarantee: Breeder has made every effort to provide you with a healthy puppy. We guarantee this puppy is purebred from parents whom had acceptable results on the health testing that was performed on them. We guarantee that all age appropriate vaccinations, dewormings and parasite screenings have been done as stated on the individual puppy's health record.

Breeder had this puppy's tail docked and dewclaws removed by _____, a licensed veterinarian, on ____ / ____ / _____. This puppy had a wellness examination performed by _____, a licensed veterinarian, on ____ / ____ / _____. This puppy had a _____ fecal exam on ____ / ____ / _____. Buyer is welcome to call _____ to inquire on these details. The wellness exam showed the puppy was healthy and ready to be weaned on ____ / ____ / _____.

We require Buyer to have this puppy examined by a licensed veterinarian of their choice within 3 business days of taking possession of this puppy. If you choose to not have this exam within 3 business days, the health guarantee is null and void. If this puppy is found to have a life threatening hereditary congenital defect, the puppy must be returned to Breeder at Buyer's expense within 24 hours of the exam along with a signed document from the licensed veterinarian stating the defect or problem. In the event of return, the purchase price will be refunded OR a replacement puppy of the Breeder's choice will be given. It is the Breeder's choice of money refund or replacement puppy.

This guarantee does NOT cover cherry eye, ectropion, allergies, undescended testicles, umbilical hernia, dermatitis, or demodetic mange. Further, we do not guarantee against fleas, mites, coccidia, giardia or any other intestinal worms/parasites. These things can be contracted upon leaving our property and becomes the

responsibility of Buyer. Breeder will NOT replace a puppy due to any form of injury, heat stroke, abuse/neglect, or improper socialization once transfer of ownership is made.

Buyer agrees that they have thoroughly researched the boxer breed and understand the basic needs and common health issues associated with the breed. Buyer is responsible for all medical cost of their puppy.

Your puppy is guaranteed for 26 months from the date of birth against life threatening congenital defects. If within that time a life threatening congenital defect (not to include lymes, parvo, distemper, stress, heartworms or any nutrition related disease) is found by a licensed veterinarian, Breeder will replace the puppy with another puppy of same breed and quality or refund the original purchase price of the puppy, whichever the Breeder chooses. If a replacement puppy is chosen, Buyer may have to wait for the next available litter. For a refund of the purchase price or to receive a replacement puppy, Buyer must provide a written statement from a licensed veterinarian stating the defect. Breeder is not responsible for any bills or expenses acquired from any puppy. After the puppy is 26 months old, the Breeder no longer guarantees against any health conditions.

In the unlikely event of the puppy's death the first 26 months, a necropsy at Buyer's expense is required if Buyer believes the defect or problem is covered in this health agreement.

Ownership requirements: Buyer agrees to maintain the dog in a humane environment and properly train and care for it. Specifically, the dog will be properly licensed and vaccinated against rabies and other communicable diseases as recommended by a licensed veterinarian. Parasite control, including heartworm, and nail trimmings are extremely important to your puppy's health as well. Breeder deworms puppies at 2 week intervals and adult dogs biannually in addition to maintaining a heartworm prevention program. Nails are also trimmed every 2 weeks.

Right of recovery/replacement: If, for whatever reason, Buyer cannot or does not wish to maintain custody of the dog (at any time during its lifetime), Breeder is to be notified immediately. The dog is not to be sold or placed anywhere without written consent from Breeder. Breeder will help assist in any placement of said dog/puppy. Breeder will always accept the dog/puppy back at no cost to Breeder. The desired goal is to make sure this puppy is well cared for and placed in a proper environment for its entire life.

Incentives: See attached page for incentives and money back awards. Incentives are at Breeder's discretion as a benefit to the Buyer, not a part of the legal binding of this contract.

Limitations of contract: This contract applies to the original puppy and original Buyer only. This contract is designed to protect both Breeder and Buyer. By signing, all parties agree to all clauses of this contract.

Buyer: _____ Date: _____

Buyer: _____ Date: _____

Breeder: _____ Date: _____

Important reminder:

Your puppy had one Canine Spectra5 vaccination at 6 weeks old on ____ / ____ / _____ administered by Breeder. It is extremely important to administer follow up vaccines at 3-4 week intervals. Please consult your veterinarian for the best vaccine and time to administer. Please also continue parasite control and nail trimmings. Breeder will trim nails and administer vaccines and dewormer for the duration of the puppy's life if Buyer provides the vaccine and dewormer.

Raynen Boxers Incentive Program

The incentives listed on this page are not part of the legally binding sales & health agreement. This program is a benefit the Breeder provides to the Buyer and all money will be paid at Breeder's discretion.

Registering your puppy: Breeder will register your puppy for free if you allow Breeder to choose the puppy's registered name. Or Breeder will register the puppy with the name of your choice (must be chosen by 6 weeks old) at a charge of \$20 paid by Buyer to Breeder (this is a reduced rate, registering your puppy after it leaves the Breeder is \$38 paid to AKC). This is to encourage the registration of puppies as many people never follow through with the paperwork and fees.

Training incentive: Breeder provides incentive awards for proper training and use of each puppy. If Buyer provides proof of graduating an obedience class with the puppy stated in this contract at any point in its life, Buyer will receive a \$25 award from Breeder.

AKC title incentive: If Buyer earns any AKC title with this puppy, Buyer will receive a \$15 award from Breeder for each title earned.

Spay/neuter incentive: If Buyer provides proof of spaying or neutering their puppy at any age in life, Breeder will pay a \$25 reimbursement to Buyer.

Health testing: If Buyer chooses to do any health testing on their puppy at any age in life, Breeder will partially reimburse Buyer for testing.

Holter: Breeder owns a Holter and will rent the Holter to all puppy buyers at a reduced rate of \$35 or Breeder will pay \$15 towards the use of a Holter owned by someone else.

Cardiology: Breeder will pay \$50 toward an echocardiogram and \$15 toward a cardiologist AS/SAS evaluation.

Orthopedics: Breeder will pay \$25 towards OFA hip or elbow evaluations. Breeder will pay \$50 toward PennHip evaluations. If any puppy receives a PennHip score worse than 0.47 or OFA rating worse than Fair, Breeder will offer additional compensation at Breeder's discretion.

DNA: Breeder will pay \$15 toward DNA testing for genetic conditions.

Thyroid: Breeder will pay \$15 toward a thyroid panel.
